1. Solicitation HR854052 is amended as follows:

Questions and Answers for Clarification

The State has determined that it is in their best interest, and those of applicants to provide all applicants questions and answers to any questions posed pre- and post-conference.

Question: If improved property is vacated by the Contractor prior to ten (10) years from the date of occupancy, what is the formula used for payback of the dollar amount representing the portion of the cost of the improvements for which the WIC Program has received no benefit?

Answer: If improved property is vacated by the contractor prior to the ten (10) year mark the contractor will be responsible for the remaining years at an equal yearly percent to the total (Straight Line). Example; Contractor was given \$1,000, used the property for 6 years. The amount used would be \$600 and the amount owed would be \$400.

Question: If asking for construction costs for remodeling, where would we classify architect, contractor, and labor and permit costs on the Price Sheet?

Answer: Depending on the method of construction these costs will be placed in different areas. If the contractor is the general contractor of the construction project some of these costs would be placed in Professional and Outside services (architect, contractor, labor) and costs such as permits would be placed in Other Operating expenses. It is also important to note that any contractor that is awarded this project must use a Sub-Contractor that is approved by the State of Arizona.

All other provisions shall remain unchanged.

Vendor hereby acknowledges receipt and understanding of above amendment
